Party Options

SPLASH

This is our most popular party option. A splash party is a great way to have fun in our pool and includes one hour and fifteen minutes to swim, fifteen minutes of changing time, and one hour in the party room. Pool time is monitored at all times by certified lifeguards. We provide balls for basketball, pool noodles, and lifejackets for those who need assistance. All swimmers must complete an Aquatics Waiver.

SPORTS

In cooperation with our gym supervisors, our birthday party hosts will prepare an energetic and exciting program that will make your child's birthday party a wonderful experience. Your child can choose which type of sport or strategic game he/she would like to play during his/her own party, a rare option for parties away from home. The Sports party includes an hour and a half of planned activities and one hour in the party room. We provide all the equipment and all you have to do is make sure all participants are wearing sneakers.

ARTS & CRAFTS

Our party hosts will create a fun filled, imaginative, and creative experience for your child on his/her birthday. We offer a number of different creative craft options your child can choose from, or you can work with our Party Coordinator to create your own. The Arts & Crafts party includes an hour and a half of craft time in the Red Community and one hour in the party room. These parties must be booked at least three (3) weeks ahead in order to ensure arrival of craft supplies.
